Forecast for Sunday 27 Feb 2022

Weather: Outbreaks of rain spreading east overnight, turning heavy for a time later, with snow above 700m. Storm force winds slowly easing. Sunday morning will be cloudy with outbreaks of rain at first, falling as snow above 700m, but becoming light and patchy by the afternoon. Outbreaks of rain, with snow above 800m, will spread east through the evening with storm force winds picking up again.

Chance of cloud-free hill tops above 800m: 20% in the morning, becoming 70% in afternoon. Decreasing to 20% in evening.

Low Cloud and visibility: Often poor in the morning with extensive cloud above 500 or 600m. Becoming mainly good in the afternoon with cloud lifting and breaking off most summits. Extensive cloud developing above 600m in the evening with blizzards on the tops.
